September 3, 1998

Dear Senator Maurice Johannessen,

We appreciated receiving your letter expressing your appreciation for NCMA participation in the Senate Select Committee on the Cal-Fed hearings on August 5th, 1998.

At that meeting, you requested that the Cal-Fed staff meet with members of NCMA, and the other boating organizations that testified on the above date. As of September 3rd, 1998, we have not heard from the staff of Cal-Fed, and request your assistance in ensuring that the needs of boaters and the recreational boating industry will be addressed in discussions at Cal-Fed.

Should you have any questions, you can reach me at the NCMA Capitol office at (916) 447-0193.

Sincerely,

Alan L. Clarke
Legislative Advocate
